# ANNUAL CHARITY GOLF TOURNAMENT

SPONSORSHIP & PARTICIPATION

where families break the cycle of homelessness

UMOM New Day Centers' mission is to provide homeless and low-income families with food, shelter and tools to build a bridge to self-sufficiency. UMOM's vision is to be a leader in breaking the cycle of homelessness. UMOM has served this community since 1964 and has been a provider of shelter services to homeless persons in the Phoenix metropolitan area since 1987.

UMOM accomplishes its mission through the operation of the UMOM New Day Center Shelter Programs, the Lamplighter Place (serving seriously mentally ill persons), the Winter Overflow Shelter, and UMOM's Domestic Violence Shelter. In addition to a safe place to stay, client families receive food, clothing and a continuum of supportive services including childcare, case management, counseling, educational opportunities, occupational assistance and other needed services.

Now serving more than 500 men, women and children daily, each program operates at capacity and many more remain on a waiting list. Planned expansion will allow UMOM to provide needed assistance to even more families!

## GREENBUILD

INTERNATIONAL CONFERENCE & EXPO

GREENBUILD is heading to the American Southwest, a region with unique environmental and social challenges and opportunities, and the imperative is clear: Green building can and must come home to all people, boosting the quality of life on main streets across the country and around the world. Join us at Greenbuild 2009 in Phoenix, November 11-13, and engage in the conversation we must have to bring green to everyone, and bring everyone to green.

The U.S. Green Building Council's Greenbuild International Conference & Expo convenes the industry's largest gathering of representatives from all sectors of the green building movement.

Three days of extensive educational programming, workshops, a vast exhibition floor and ample networking events provide unrivaled opportunities to learn about the latest technological innovations.
