

RFP 2010: Request for Presenters

“Hot Topics for the Built Environment” Educational Day on 10.20.10

2010 Goal – Awareness of associations & benefit to the built environment

Location: Tempe Center for the Arts

Seeking: Five speakers

Anticipated: 100 attendees

This all-day event will be the Presidents Group’s second annual multi-organizational educational day. Participating organizations will be given the opportunity to showcase their chapter before the provided speaker. They will also receive recognition in the promotional material and program.

Last year’s topics included: How IAQ Affects Us All, Benefits of District Thermal Storage, Caterpillar’s Journey to Sustainability, Economic Forecasting, and Master Planning During a Downturn.

Speakers will be given a 45-minute presentation slot w/ 10-minute Q&A.

Please submit topics & bios to jstrecker@fmsolutions.net by June 30th.

Note: speakers may be chosen prior to deadline in order to secure speaker’s schedules.

The Presidents’ Group is comprised of association leaders, from the Phoenix Metro area, representing real estate, building development, facility operations, and related fields, who are interested in network training, education, processes, communication, and knowledge-sharing that ultimately returns value to respective memberships.
